DESCRIPTION	T1 is a standing dead beech. It is situated next to the driveway to the house and in striking distance of the BT line. Requesting to remove to remove any risk in the event of failure. T2 is an ash tree with advanced ADB with less than 50% canopy remaining. It is heavily weighted over a very busy footpath so requesting full removal to eliminate risk of failure. T3 is also an ash tree with advanced ADB with less than 50% canopy remaining. It is also weighted over the same footpath so requesting full removal to eliminate risk of failure. Apologies for the poor photos for T2 and T3 there was torrential rain which made it almost impossible to get a suitable photograph.
