Birchover village is located off the B5056, between Stanton Peak to the north and Winster to the South. To the east is the River Derwent. The village of Birchover is characterised by 17<sup>th</sup> and 18<sup>th</sup> century gritstone houses, gritstone which has come from the local quarries. At the far north east edge of the village is Birchover Quarry, part of which is still in active use, and part which has been redeveloped for housing. Due to the steep rising of the land, the village is characterised by terracing to accommodate housing and gardens.

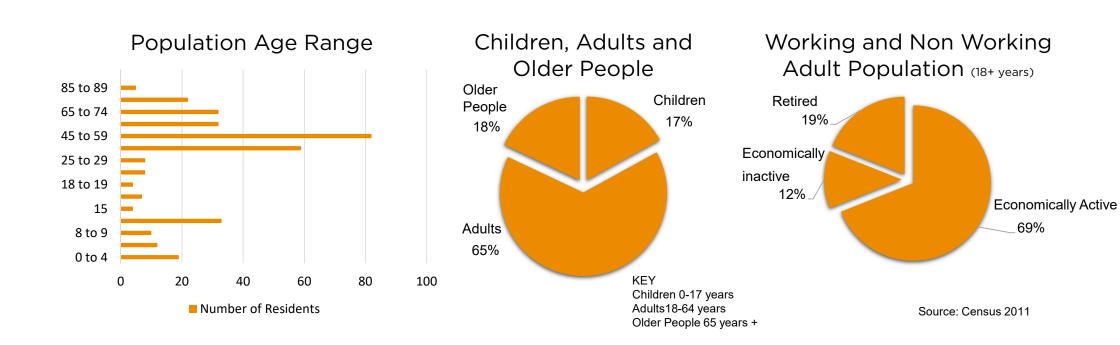

Birchover Conservation Area was adopted in 1996. Birchover is located within the gritstone village farmlands of the Derwent Valley within the Peak District Landscape Characteristic Assessment.
