Nearest minor injury unit: Buxton

Nearest PDNP office/base: Moorland Visitor's Centre Edale Tel: 01433 670207

Specific Advice / Information

School / other groups are advised (when booking) to bring warm and water proof clothing and outdoor footwear for their visit.

In the summer months, there may be midges; staff and other participants may wish to apply insect repellent before their visit.

As they will be working in water it is recommended that staff read the advice on Weil's disease in the health and safety notes supplied and that suitable handwash or sanitizer be offered to students before eating and drinking.

Grindsbrook

General Description of Sites

Grindsbrook is a stream in the Vale of Edale (grid reference above). Golden Clough is a tributary of Grindsbrook. These two sites are close to the Pennine Way at a maximum of 350 metres above sea level and approximately 1.4 kilometres north of the village of Edale. The students will have to walk through Edale on the road which has a 20mph limit. See film: [Hydrology and Fluvial Geomorphology: Peak District National Park](#)

Car/Coach Parking: GR SK 12398531. **What3words:** cubs, rectangular, thickened

Edale is best approached from the west end by coach as there is a very narrow bridge in Hope which is difficult to retreat from. It is very important to follow these instructions to avoid arriving over 1 hour late. *(Don't follow the sat nav!)*

Coach to Park in Main Edale car park where there are toilets and school to walk 0.5 k to the visitor centre in the direction of Edale village. See map on website.

Lunchtime Information

Lunch is usually taken out on site and all litter must be taken home. There are no hand washing facilities.

Toilet facilities

Toilet facilities are available in Edale at the main car park. See map.

Distance/timing between important site locations

- Moorland Visitor Centre to Grindsbrook: 1.4k. 30 – 40 minutes with stops uphill
