Silver Birch Tree - Behind fence in back garden . Reduce height of tree as its creaking, branches breaking and bending greatly in winds. Tree is close to the house around 10m, close to neighbours property around 10m and close to Goddard Lane around 10m . Tree has grown up to around 15m high, but not grown out- trunk of tree only around 6 inches. Tree has been grown in patio or patio built around tree prior to us moving in, we have Acer Trees surrounding the silver birch which are getting damaged from any fallen branches.

Three sycamores up to 15m. All have crown die back which I believe has been cause by the re-landscaping of the area 6 years ago. All lean over the road and or phone lines. Trees have effectively been ring barked at ground level and are dying. Client has planted around 60 metres of mixed native hedging along with various native tree species across the area. Proposal is to fell the sycamores and not re=plant
