NP/TCA/1022/1281 P5868	<p>Shown in the first photograph is a Norway Spruce that I am requesting to remove fully. It has been planted far too close to the property and is also next to the drainage system and so request that it be removed before it gets any bigger and starts to damage the property. In the second and third photograph is a leylandii hedge that the tenant has not maintained. I am requesting that we reduce it to the height indicated by the red line on the second photograph so it is more easily maintained in the future. The third shows how far it has overgrown on the chapel terrace side of the hedge, this now blocks the genial and is starting to touch the properties on chapel terrace. I am requesting that it be reduced hard back so that again it can be maintained more easily in the future.</p> <p>The Old Reading Room Beeley</p>	Accept

NP/TCA/1022/1332 P6148	Situated behind staff bungalow at Hartington Hall, see location plan. G1 Apples: 3 medium sized apple trees, plus 1 tiny one to the right: fell these to just above ground level. T2 Elm: close to this area is 1 elm tree that has started to die back. It's condition is declining, with some fairly major dead branches in the top. Fell to just above ground level. T3 Beech: large leaning beech tree situated just inside the entrance gateway. Remove the heavy low lateral limb and prune back some of the end weight of the remaining crown, to rebalance the weighting of the tree. G4 Beech: row of beech trees along the farm boundary. Crown raise these to 6 metres, to give plenty of clearance for access on both sides of the trees and also clearance from the roof of the building. Yha Hartington Hall Hartington Town Quarter	Accept
NP/TPO/1022/1245 P2551	Shown in the photograph is an ash tree that has ash dieback. Bakewell Town Council have requested I remove it for them to remove the risk of injury to members of the public both pedestrian and road users should it fall as a result of having ash dieback.
